

Product Brochure  
Lift King LK-07 High Rise Scissor Lift - Surface Mount

Overview

Both the commercial work shop and home garage will find the Lift King LK-07 the perfect tool for general auto service and tyre work as it gives uninterrupted access to all parts of the vehicle at a comfortable full standing working height.

The LK-07 has been constructed to a very high standard using superior mechanical and electrical components. It has passed strict EC type examinations and Australian Certification, so it's built tough to last!

Lift King LK-07 is a full rise scissor lift with a low profile and high lift capacity.

- 3000kg lift capacity
- Full 2000mm lift height
- Low 115mm minimum height clearance
- Electric over hydraulic operating system, NO AIR NEEDED!
